the finest available

meats and produce, the largest variety of canned and frozen foods, a clean, convenient, beautiful and well planned market with the lowest possible shelf prices, you will want to shop in that store. This I have done and this you have obviously seen because of your response.

There are times, however, when not everyone can be completely pleased. And, this, too, concerns me. If you have any problem or complaint, PLEASE write to me and I will give it my personal attention.
